

## **WEEKLY UPDATE**

**September 11, 2020**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 46 residents and 35 staff members test positive for COVID-19.

We continue to encourage residents and families to stay in touch through phone calls, face time and window visits. Appointments for window visits can be scheduled through Jessica or Cindy in the Activity Department. They can be reached by calling the number below.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 864-227-9500.

Sincerely,

*Edith Goforth*

## **WEEKLY UPDATE**

**September 17, 2020**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 46 residents and 35 staff members test positive for COVID-19. We currently have no active cases of COVID 19 and are testing employees for COVID 19 twice weekly at this time.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

We have submitted our Outdoor Visitation Plan to DHEC for their approval and look forward to implementing it once it is approved. We will be sending a letter out to residents and responsible parties with visitation information and guidelines.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

## **WEEKLY UPDATE**

**September 4, 2020**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 46 residents and 35 staff members test positive for COVID-19.

We encourage all families and friends to stay in touch with your loved one through phone calls, facetime visits and window visits. Please schedule your window visits in advance through the Activity Department- Jessica Abrams or Cindy Chesney at the number below. Scheduled visits will help us avoid overlap in visitation times and facilitate residents being available at the appointed time.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering.
